

# 100% Money Back Price & Time Guarantee

## Why are we so confident?

To date, ComFree has helped more than 36,000 property owners in Western Canada sell successfully and we can help you, too. Our exposure and the advantage of commission-free is proven.

## Our Promise

Now, if you list with ComFree and you end up selling faster and pocket more money with an agent than you would have with us, we will refund your listing fee. We guarantee our performance related to real estate agents.

## Our terms are simple...

### We ask for a fair opportunity to help you sell – 60 days.

Why?

Most agents lock you into a 60-, 90-, or 120-day or 6-month contract. In this market there are even agents locking people into 1-year contracts!

At ComFree we never lock you into a contract, but we do ask that you give yourself a minimum of 60 days to sell with our support.

### The agent must sell your property within 60 days of your cancellation with ComFree.

Why?

Real estate agents claim they can sell your property faster than you can with ComFree's help. If that's true, they should be expected to do so.

### The agent must get you an amount equal to or greater than what you would have pocketed by selling with ComFree.

Why?

Because real estate agents claim they can get you more money for your property than you can with ComFree, they should have to actually do it.
